Meet Our Team:

Dr. Lita Clark

Surpassing expectations for HealthSouth

The service we receive from Dr. Lita Clark and the American Behavioral staff is so valuable to us. Most importantly, Dr. Clark is always there when our employees need her. When no one else is willing to discuss concerns, issues or problems, Dr. Clark is there to fill the void in that employee's life. Confidential and caring, she provides the encouragement our employees need to put their troubles behind them and begin enjoying life again.

Whether it's providing training, counseling or advice, American Behavioral always surpasses our expectations with a caring attitude that is often hard to find in today's business world.
