

Superior Service

At Superior Bank, we strive to hire and retain superior people. We recognize the importance of taking care of our employees' needs, so they can make sharp decisions and focus their full attention on delivering superior products and services to our customers.

To keep our employees mentally fit, we carry integrated Employee Assistance Programs (EAP) and managed behavioral health services provided by American Behavioral. We are extremely pleased with the prompt response by Carol Pinkerton and American Behavioral and ease of accessibility. Their superior service fits the bill.
